IODOFILM

Disinfection of teats of milk producing animals by dipping after milking

Ready to use liquid for professional use only

Manual or automatic application - Indoor

BIOCIDAL PRODUCT - Active substance(s) per 100g of product : Iodine 0,25g ; CAS number 7553-56-2 ; EC Number 231-442-4

Product-type 3: Veterinary hygiene biocidal products. AL - Any other liquid. Authorization number : EU-0018397-0001 1-1.

Authorisation holder HYPRED SAS: 55, boulevard Jules Verger 35803 DINARD France

PRESENTATION

- . Thick homogeneous liquid, brown
- . Undiluted pH-value : 4.75 ± 0.5
- . pH at 10 g/l : Not available
- . Density at 20° C : 1.005 ± 0.01 g/cm³
- . Freezing point : 0 °C

PROPERTIES

Rheological properties providing a good holding to the teats, without dripping, hence without waste of product.

Main components :

- Iodine : 2 500 mg/kg in the form of iodophor
- Softening, moisturizing and emollient substance : glycerol
- Thickening and film-forming agent
- Surfactants
- pH regulating agent

USAGE

IODOFILM is a bactericidal, yeasticidal and algaecidal disinfectant.

Always read the label or leaflet before use and follow all the instructions provided.

The product must be brought to a temperature above 20°C before use.

The use of a dosing pump for filling the product into the application equipment is recommended.

Fill the dipping cup manually or automatically with the ready to use product.

Apply by dipping manually or automatically on animal's teats on the full length of the teat after milking.

- cows and buffaloes (3 to 10ml : 5 ml recommended)

- sheep (1.5 to 5 ml : 1.5 ml recommended)

- goats (2.5 to 6 ml : 2.5 ml recommended)

Leave the product until next milking. Keep the cows standing until the product has dried (at least 5 minutes).

At the next milking, use the teat cleaning and wiping method systematically before attaching the milking cluster.

Where necessary, repeat the application after each milking.

Clean the application equipment regularly with warm water.

Frequency : 2 to 3 times per day

Do not store at a temperature higher than 30°C.
